Going clean  
Just to prove we could  
Was funny the first time  
When we tried lemons,  
“blood” oranges,  
“neck”tarines

But by the time we were  
Seriously thinking  
Of drinking the gas  
Out of somebody's gas tank  
We realized  
Just how far in we were  
And that we never should have  
Sought out the bite
